Techstream 2.0 ensures your dealership continues to operate efficiently.

Featuring a fully-rugged Panasonic Toughbook® CF-31 laptop and a Snap-on® Backpack, Techstream 2.0 offers more speed and improved ergonomics in this durable all-in-one package for technicians.

TIS techstream is an integrated PC-based diagnostic platform consisting of the following components:

Panasonic Toughbook® CF-31

■ More computer than Techstream 1.0

- Fast Intel® Core™ i5 VPro™ Processor
- Full size keyboard
- 27% larger screen
- 2x brighter screen

■ Windows® 7

- 8+ hour battery
- Drop ready
 - MIL-STD-810G certified
- Fluid resistant
 - IP 65 certified

Snap-on® Backpack

- Custom designed with the technician in mind
- Offers additional level of PC protection
- Houses Vehicle Interface Module (VIM) and AC/DC power converter
- Provides DLC cable management, on-board DC cable, and cable storage

Techstream Software

- Same global Techstream software as today.
- No additional training required.

AC/DC Power Supply

- Integrated into backpack for easy accessibility
- Allows PC to be charged from 120V AC or 12V DC power source

Drew Technologies Vehicle Interface Module

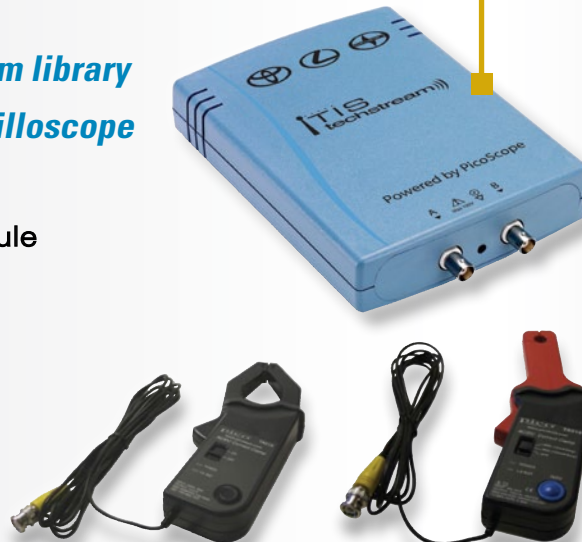

- Provides data connectivity between vehicle and PC
- Housed inside backpack
- Supports all 1996 & newer vehicles

NEW! PicoScope® Automotive Diagnostic Oscilloscope

- Available in 2 or 4 channel
- Custom known good waveform library
- Best in-class automotive oscilloscope
- Kit includes:

- 4000 Series PicoScope module
- High amp current clamp
- Low amp current clamp
- Upgraded lead set
- 6 year warranty

NOTE: One PicoScope will be shipped with your initial Techstream 2.0 order. Additional PicoScopes can be ordered.

WORLD-CLASS SUPPORT

Expert Support Center Diagnostics

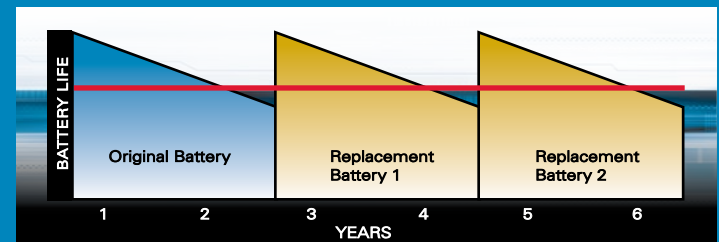

A well-trained customer support staff is available to keep your units running and generating profits.

Reliability with 6 Year Next Business Day Restore (NBDR) program

A comprehensive, no fault, NBDR program ensures you're never without a Techstream for more than one business day.

NEW! Battery Replacement Program

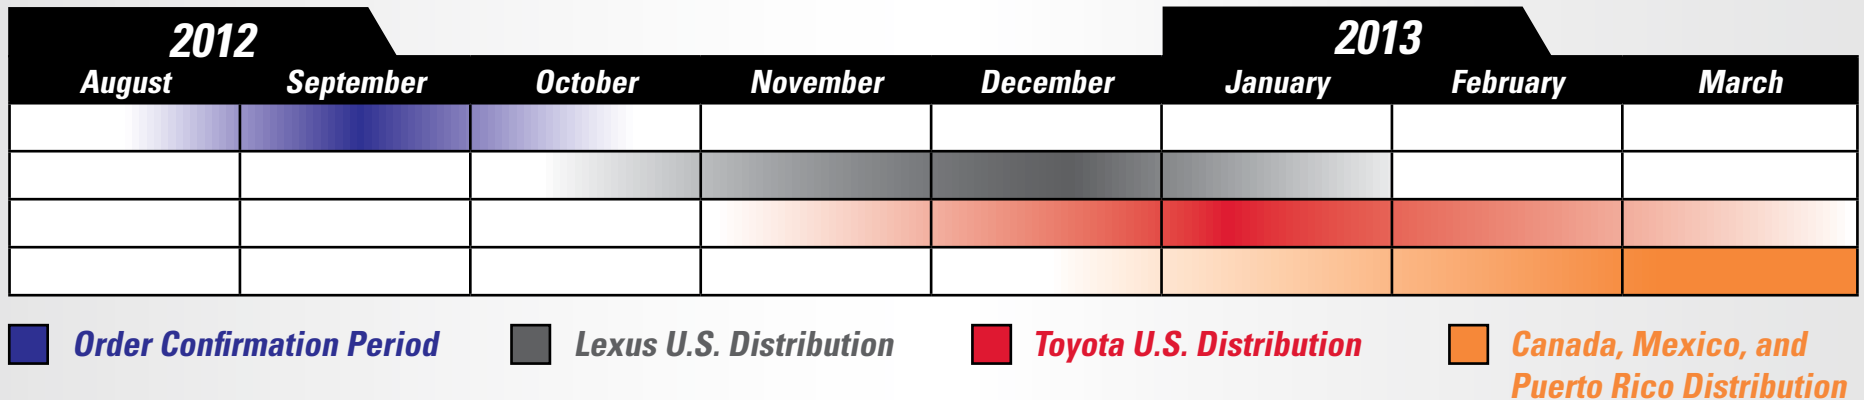

Battery life is critical for productivity. Techstream 2.0 offers an industry leading 8+ hour battery life. As your Techstream battery wears, warranty replacements are available under the NBDR program.

Order Confirmation Steps

- ① Manager logs-in to TIS
- ② Click the Techstream 2.0 link
- ③ Confirm your unit quantity
- ④ Select payment method

Schedule

Cost

Techstream 2.0 Launch Package Prices
